8 The proposals involve an increase in recurring Expr of 62 2/3 pm in the case of the High School and 136 Rs pm in the case of the AV School - These additions are practically due to the two schools being located in two different places and the ~~Govt~~ as passed follows —

High School
(1) Gymnastic Instructor at 25- At present as the two schools are located in one place there is one Drill Instructor only - Recently in the addition sanctioned in Govt of 3/5/12 (file kept up) a Gymnastic Instructor on 20 Rs has been sanctioned to High School It is a matter for consideration of 15 Rs would not suffice as

in the case of the new employed Assistant as the additional has been sanctioned in the other file there is no need to sanction them here

2) Drawing master 30-5-40 The present drawing master who is looking after both schools gets 25 Rs an additional master is necessary a sum of Rs 25 ought to suffice In any case progressive pay of 30-5-40 is objectionable as the period according to rules should be at least five years As one Drawing master is finding time to teach all the classes now, it is a point for consideration if he may not be given a conveyance allowance of 5 or 10 Rs and asked to look after both schools as extra hand being employed.

(3) Increase of pay to writer from 20 Rs to 20-2-30 - this has not been included in the Presidency statement As the writer cannot have more work by going to a new building and as the whole establishment is left on a tentative basis there is no need to grant this increase now.

(4) Hemal Establishment 1 Office Laboratory attendant 8 Rs, 6) Consulting Room attendant 10 Rs 7 C) Sweeper 6 Rs -

The present menial Establishment consists of 8 hands they ought to be enough to look after the work, as removal to a new building

1043 Does not mean increased work as necessary
To Allsopp is perhaps only a hand out & Rs who maybe sanctioned for looking
There are many Asstt Masters after both the laboratory and the library
in the H E. Schools on
high pay If an addl
appt in the grade of 30-50
is created the Headmastership
of the A V school can be
filled up by redistribution
without much difficulty or
inconvenience. Vide also
Note above. There
would be many
Good selected
This seems unnecessary
The appointment of a
Headmaster will practically
set a master free &
he maybe utilised
(4 shall see
affairs)
19 is a prime
number & cannot be
divided

(5) AV School- Headmaster on 70-5-100 This is not one of the ordinary grades but seems to be a special grade Case of the senior men on the grade 50-[illegible]/2-100 maybe quoted as it is not advisable to create special grades -

(6) Drawing Master on Rs 25- See Remarks in Case of the High School -

(7) One Librarian & Reference master on Rs 20 As a new headmaster is to be sanctioned, he will be able to take over a part of the teaching work A new teacher therefore is unnecessary As for the Library work, there can not be a big Library in an AV School and one of the Masters can very well work as Honorary Librarian -

(8) Pay of writer Being increased from 15 to 20 - There can be no increase yet both the new High School being located in a new building and there is no need to increase the Scale of pay of the writer

20 I am afraid this file must be back to Mudaliar of the Edn Office for a revision of the proposals so as to limit them strictly to the necessity for shifting the school to the new premises — Proposals necessitated by other reasons should be one or form the subject of separate Memos — "Consulting room" does not sound well — Why not use the word "Library" — or "Reading room" — & Mistress Librarian? Why should not Dresser the Masters look after the books

21 Forwarded unofficially to Mr J S Edn for favour of remarks with reference to Mr [illegible] observations of the Dewan

25/5/12

22 In regard to the remarks of the Dewan I beg to submit that the removal to the new building does add very considerably to the work of the staff It must be remembered that when the High School was in the Fort only one building had to be looked after The Anglo-Vernacular School was meeting in the mornings and the High School in the afternoon Instead we have that building and another atleast twice as large to look after Besides the Anglo-Vernacular Classes were meeting for a shorter time then than they do now that they meet in the afternoon In the circumstances it goes without saying that the mere change involves additional work The recommendations were made with a due sense of responsibility as to necessity and urgency and it is not possible to reduce any one item if efficiency is not thereby to be sacrificed

IV 25/6 pm 29/6/12

23 I The Teaching Staff

It is impossible to get a good Gymnastic Instructor for less than Rs.25/- if he is to be made to do the work well and on a recognised system This item of education is in considerable need of looking into and it is very necessary to have one on the staff of the High School

24 Drawing again is an essential item of instruction which has to be provided for now that Sloyd forms an essential part Drawing masters of a better kind with an eye to Nature Study and Sloyd work cannot be had for less ~~if~~ and if one is not sanctioned the subject which has been begun will have to be given up

25 The writer's work has latterly been increased enormously as the quantity of furniture, the provision of a large library ~~exhibits~~ entail additional account-keeping and 20-2-30 is none too much for all this and the fee collection &c

26 II enial Staff

The Science teaching for 10 classes involves atleast

rade east 0

40 hours a week Science work namely Demonstration besides fitting cle-ring &c It would be physically impossible for one to attend here and elsewhere at the Library Forty hours' Demonstrations means more hours of preparation and restoration of apparatus The ordinary peon employed would cause more damage than his year's pay

27 The Reference Library attendant (Consulting room attendant) is very necessary There is a separate consulting-Library room Books have necessarily to be left out for boys to use——Books of reference books for readin, &c Boys have to be turned into the room as provision has to be made systematically for the study of non-detailed English Te ts This has to be followed by non-detailed study of books in the 2nd languages as well There is the likelihood of the room being occupied ~~xxx~~ practically all the day in a school with over a dozen classes Without some one to watch and take out and hand in books it would be impossible of management and the eventual loss in cost would be great

28 The additional sweeper is not a luxury as the present building is at least twice as large as the old one

29 These are the necessary consequences of the separation of the Departments and if any of these items cannot be sanctioned nor will not perhaps, come to a dead stop but will be far from satisfactory

30 ANGLO-VERNACULAR SCHOOL

Coming to the Anglo-Vernacular School the first recommendation is for a head master on 70-6-100 It is absolu ely necessary to appoint a good Head aster ~~4~~ B A L T if possible The Anglo-Vernacular School has a number of about 3?0 on the rools and more, and is one of the big est Anglo-Vernacular

chool s

Schools in the Province If the creation of a special grade is open to objection a new place in the 50-10/2-100 may atleast be sanctioned It will not do at all to sanction a 30-4/2-50 It is getting to be a matter of very considerable difficulty to get graduates worth the name of teachers and whittling down this way will not improve the morale of the service as the Financial Secretary's suggestions would take away a good man and give a very indifferent substitute

31 In regard to the Drawing Master the existence of only one master did not mean that he taught all the classes and that the teaching arrangement was what it ought to be, making him work in both the places with a conveyance allowance can be regarded only as a counsel of perfection

32 For an Anglo-Vernacular School of 16 classes a relieving Master is not asking for a luxury The larger the number of classes the greater are the chances of absenses among the staff A little relief to each would leave them handy for this extra work If the Head Master is to be a Head Master for any purpose he must be able to keep himself in touch with the work of all the classes This he can hardly do if he had charge of a class like the others The Head Master's teaching work can hardly be more than about 2 hours a day He can keep teaching all the ~~two~~ five hours without any teaching work on the time-table for himself This can hardly be the equivalent of a teacher

33 The increase of Re 1 to Writer is hardly worth consideration and 19 to 20 is not promotion worth grudging

---

34 It is my opinion that the additions to the menial staff are absolutely necessary and the other additions are the direct consequences of separation which cannot well be considered apart

very

Edn 429-11 12

35 There is a Librarian, whose work will be to keep a register of applications for books issue them on loan call them back when due and restore them to their places against other demands. This will occupy him all the day A Reference and Reading Library is of a different kind and requires separate arrangements If a master be at leisure he will be required to help the boys to obtain information by giving references to books &c

36 The following remarks in regard to certain points in the financial note seem called for

(I) The cost of additional charges as stated by the Financial Secretary is High School Rs 62 2/3, A V School Rs 136 or a total of Rs 198 2/3 These should be respectively High School 84 2/3 and A V School 82 or a total of Rs 166 2/3

The Hindustani Munshi on Rs 22 in the Anglo-Vernacular School is transferred to the High School Hence 22 has to be added to column # 1 and subtracted from column 11 an additional Rs 32/- should be deducted from col 11 as two Hindustani hands from the Anglo-Vernacular School are transferred to the newly started Anglo-Hindustani School

(II) The writer's promotion is not shewn in the proposition statement If this should be added column 1 will be 84 2/3 plus 7_2 or 91 5/6

(III) The revised scale of the High School as shewn to be tentative pending Government Orders on the recommendation to confirm the staff of the High School in Inspector General's No 6530/482 dated 26th January 1911

MEMORANDUM

The new building of the Bangalore High School is fast approaching completion and is expected to be ready for occupation in May or June next The Anglo-Vernacular School attached to the High School has long been suffering for want of accommodation and it is consequently intended to separate the two Departments and remove the High School to the new building in the beginning of June next

2 Certain items of additional expenditure will be necessary for the two Departments in consequence of the separation and on grounds of efficiency This is more especially the case with the Anglo-Vernacular Department which serves as a feeder for the High School Unless the lower Department is strengthened the High School Department cannot be expected to improve in efficiency and produce good results

Items of additional expenditure

(A) High School Department -

(1) A Gymnastic Instructor on Rs.25

There is no Gymnastic Instructor at present for the High School The one attached to the Anglo-Vernacular School will be required for that school after its separation Bangalore is a costly place and the school is a large one, and it is therefore necessary to fix the pay of the Instructor at Rs 25 a month instead of Rs 15 as in other High Schools of the State The appointment is proposed in the interests of the Physical education of boys

(2) A Drawing Master on Rs 30 in the grade 30-5-40

There is a Drawing Master now in the High School and his pay is Rs 25 This man will be transferred to the Anglo-Vernacular School with effect from the date of reopening of the school in June next. A separate Drawing Master will qualified for the work will be required for the High School

(3) Increase of pay to the writer

Unlike

Unlike other High Schools, the clerical work in Bangalore High School is very heavy, as the school is the largest of its kind in the State The large fee collections also involve much responsibility The Head Clerks of the Central and Maharaja's Colleges get a maximum pay of Rs 40 and the single clerk in Shimoga High School is in the grade 15-3-30, Under these circumstances the pay of the writer at Bangalore may be graded and fixed at Rs 20-2-30

44) Menial Establishment

(a) One Laboratory attendant on Rs 8

The Science classes are held in three rooms and practical work has also to be attended to Altogether 45 periods are devoted to Science in the High School, and the employment of different peons for different periods as is sometimes done now, leads to breakage of apparatus and other inconveniences It is therefore necessary to appoint a special attendant who can handle the apparatus with facility

(b) One Consulting Room attendant on Rs 10

It has been found by experience that it is quite necessary to induce High School pupils to read some books of general literature &c , out of school hours and to place within their reach such books as they should consult for a proper study of their subjects For want of a man to look after the books some of them which were kept for reference are reported to have been lost without being traced The employment of a man with an elementary knowledge of English as the Consulting Room attendant is therefore a necessity His business will be to lend books of reference etc , out of school hours to the pupils and to keep watch over their safety As some educational qualification is required in the man his pay is proposed at Rs 10

(c) One additional sweeper on Rs.6

There is only one sweeper now for the High School, and begets help from the sweeper of the Anglo-Vernacular Schoo

But from June next there will be need for the employment of a second sweeper for the High School as the new building is much larger than the present building

Summary — A summary of the additional charges is given below -

	Items		Amount
(1)	One Gymnastic Instructor on Rs 25 a month		Rs 300
(2)	One Drawing Master on Rs 30 in the grade 30-5-40 in place of one on Rs 25 transferred (Increase 30 minus 25)		Rs 60
(3)	Increase of pay to the Writer (Immediate increase)		-----
(4)	Increase under menials:-		
	(a) One Laboratory attendant	Rs 8	
	(b) One Consulting Room attendant	Rs 10	
	(c) One additional sweeper	Rs 6	
			Rs 288
	Total		Rs 648 a year

Addition of Rs 25 will be shown in the A V Dept

The proposed charges are quite necessary for the efficient working of this important High School

B Bangalore Anglo-Vernacular School.-

(1) One Head Master on Rs 70 in the grade 70-6-100

There is no Head Master now for this large Anglo-Vernacular School which is also superintended by the High School Head Master After its separation there should be a separate Head Master for it The school a few years ago had a Head Master in the grade 70-10-100 It is intended to appoint a B A , L T , for the place

(2) A Drawing Master on Rs 25

As already suggested the Drawing Master of the High School will be transferred to this school and a new man employed in the High School It is needless to point out the importance of Drawing as a subject of study for the school pupils especially with regard to the development of the powers of observation and clearness of ideas

(3) One Librarian and Relieving Master on Rs.20

The need for a Librarian to lend books of general litetature to pupils is keenly felt This man will also serve as a relieving Master when some of the other teachers are on short leave

(4) A writer and writing Master on R 20 in place of the one on Rs.19

The writer will also look after the writing class and therefore an increase of one ~~rupee~~ rupee is proposed

Summary

Anglo-Vernacular School

(1) One head Master on Rs 70 in the grade of 70-6-100 (Immediate increase)	Rs 70 a month
(2) A Drawing Master on Rs 25	Rs 25 "
(3) A Librarian and Relieving Master on Rs 20	Rs 20 "
(4) A writer and writing Master on Rs 20 in place of the one on Rs 19	Re 1 "
	Total Rs 116 a month or Rs 1,392 a year

The above charges are quite necessary for the efficient management of the largest school in the State It is also desirable to improve the salaries of the present men, but this subject will be taken up later on as part of a general scheme

4 For the reasons stated above permission is solicited to remove the High School to the new building in June next and sanction sought for the additional charges with effect from 1st June, due provision being made for them in the ensuing year's State Funds Budget

From

~~H I BHABHA Esqrs MA~~

The *Inspector General of Education in Mysore*

To

C S Balasundaram Iyer, Esq, B A,
Offg Secretary to the Government of His Highness
the Maharaja of Mysore General & Revenue Departments

SIR

LOU With reference to Government Order No 7103-4/Edn 82-10 dated 6th March 1912, sanctioning the opening of a Model Anglo Hindustani School at Bangalore I have the honour to inform you that after the two Hindustani Assistant Masters on Rs 20/- and Rs 12/- in the Bangalore Anglo-Vernacular School are transferred to the Anglo-Hindustani School, Bangalore there will be only the Hindustani Munshi on Rs 22/- left in the Anglo-Vernacular School This Munshi who is actually doing the work of the Persian Munshi in the Bangalore High School may be permanently transferred to the new High School for which no Hindustani Munshi is provided ~~and for which~~ as there will be no work for him in the Anglo-Vernacular School when the Model Anglo-Hindustani School is opened I therefore request that you will be so good as to make the necessary corrections in the two proposition statements sent to Government through the Controller for the revision of the establishments of the Bangalore Anglo-Vernacular ~~Schools~~, and High Schools, by omitting the three land viz 1(22), 1(20), and 1(12) from the statement for the Anglo-Vernacular School

(Continuation sheet draft form)

2--- A gymnastic instructor on Rs 20 for the High School and an allowance of Rs 10 to the Hindustani Munshi of the A--V School for doing the work of the High school classes in addition to his work in the A—V School were sanctioned in G O no 8533-4/Edn 257-10-8 of the 14th May 1912

Therefore the proposed appointment of a gymnastic instructor on Rs 25/ involves only an increase of Rs 5, and as the Hindustani Munshi will, after his transfer to the High School, be relieved of his work in the A—V School, he will not draw the allowance sanctioned in the G O referred to above from the date of his transfer and there will be a saving of Rs 10

3. Thus the additional expenditure in the case of the High School reduces as noted in the margin* itself to Rs

	Increase Rs
Gymnastic Instr	5
Drawing master	13 1/3
For sweeper, labour and Library attendants	24
For the pay of the Hindi munshi	22
	64 1/3
Deduct the allowance sanctioned to the Hindi munshi	10
Total	54 1/3
